

## Coarse Lime Product

|   |       |
|---|-------|
| Dry Matter %                              | 70.80 |
| Sieve Analysis: > 2mm (%)                 | 21.08 |
| Sieve Analysis: < 2mm and > 250um (%)     | 41.04 |
| Sieve Analysis: < 250um (%)               | 37.89 |
| Calcium %                                 | 33.80 |
| Calcium as CaCO <sub>3</sub> %            | 84.50 |
| Magnesium %                               | 0.88  |
| Magnesium as MgCO <sub>3</sub> %          | 3.08  |
| Neutralizing Value (CaCO <sub>3</sub> ) % | 90.00 |
| Agricultural Limestone Index              | 49    |

Your agricultural limestone index is 49. Agri-Food Laboratory soil recommendations assume an index of 75 on limestone. Multiply by 1.53 to adjust the recommended lime application rate for this lime.
