

Soybean Field Trials 2007

By Terry Phillips, CCA, Temiskaming Ag-Center

5th Wheel™
TRAINING INSTITUTE

Helping Farm Families

Canadian Agricultural Skills Service (CASS)

The goal of the CASS program is to help farm producers and their spouses improve their farm profitability and net family income with new skills.

- Eligible farmers have the opportunity to access skills assessment and training.
- Financial assistance for training may be available to qualified CASS participants.

Find out how you can reach your goals with Class AZ and Heavy Equipment Operator Training.

10	DEKALB	DKB00-99	44	414.5	350.0	16.8	26.6		\$173.21	

would also be in charge of the office work for that annual sale. For over thirty years, the Stocker Sale was part of the Northern Cattle Sales Network.

The white cattle weren't the only focus on the Brazeau farm. For about forty years Andre has planted Breeder's seed producing Pedigreed Seed Oats. They have won many ribbons at the fairs and from the North Eastern Ontario Soil and Crop Improvement Association's Forage and Seed show.

Chris and Andre are active members in the Temiskaming Soil and Crop Improvement Association, now a part of the Temiskaming Crops Coalition.

This couple have always tried to build a strong community feeling and promote northern living. Chris has been involved with a group called the Milberta

Community Women, Andre has received a fifteen year pin as a member of the Kerns Central Lion's Club.

Whenever something big and worthwhile comes along, Chris and Andre are drawn to it. They have volunteered to help with the work and planning to make the International Plowing Match, to be held in Temiskaming in September 2009, a great success.

This wonderful couple are always seen together at whatever they do. Chris does enough worrying about things for both of them and Andre just quietly and good naturedly takes everything in stride. Together they demonstrate a strong example of what a good northern living can be.

It is an honour and privilege to present this 'Award of Merit' to Chris and Andre Brazeau.
